Christopher Radka Presents

SHINY BRITE™

Lighting Your Way Down Memory Lane!

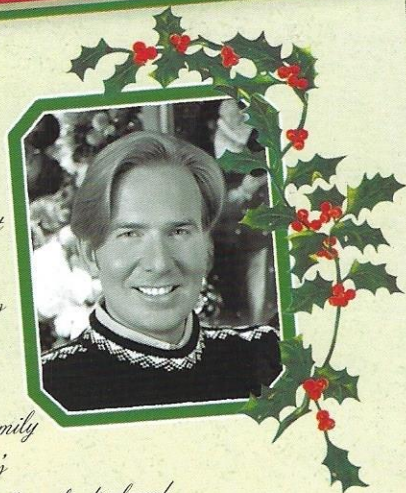

Way Down Memory Lane! Lighting Your Way Down Memory Lane! Lighting Your Way Down Memory Lane!

A Cozy Home is Shiny-Brite!

Unlike earlier European traditions, Shiny-Brite is about how America celebrated Christmas in the 1940's - and the decades that followed. The items on the next 48 pages are the figurines that we have decorated our mantles with, the lights that have made our trees beacons of hope in the night, and the ornaments that we hang faithfully year after year. There are cookie jars for storing your Christmas cookies, and plates for passing around the canapés to family and friends. You may still have some similar items in your family's collection, perhaps a little worse for the wear after years of being lovingly displayed or used. Perhaps these decorations have been lost over the years and are simply fond memories from childhood. Now you can revive those memories with Shiny-Brite!

And Christmas isn't the only holiday that inspires decorating; your home can have that Shiny-Brite look at Halloween as well! Whimsical witches, cool black cats and jolly jack-o'-lanterns will brighten your Halloween, bringing back the aura of a simpler era.

Welcome to Shiny-Brite, where the warm remembrances of the past will inspire the memories of the future!

SPARKLETOWN™

Christopher Radko Presents

SHINY BRITE™

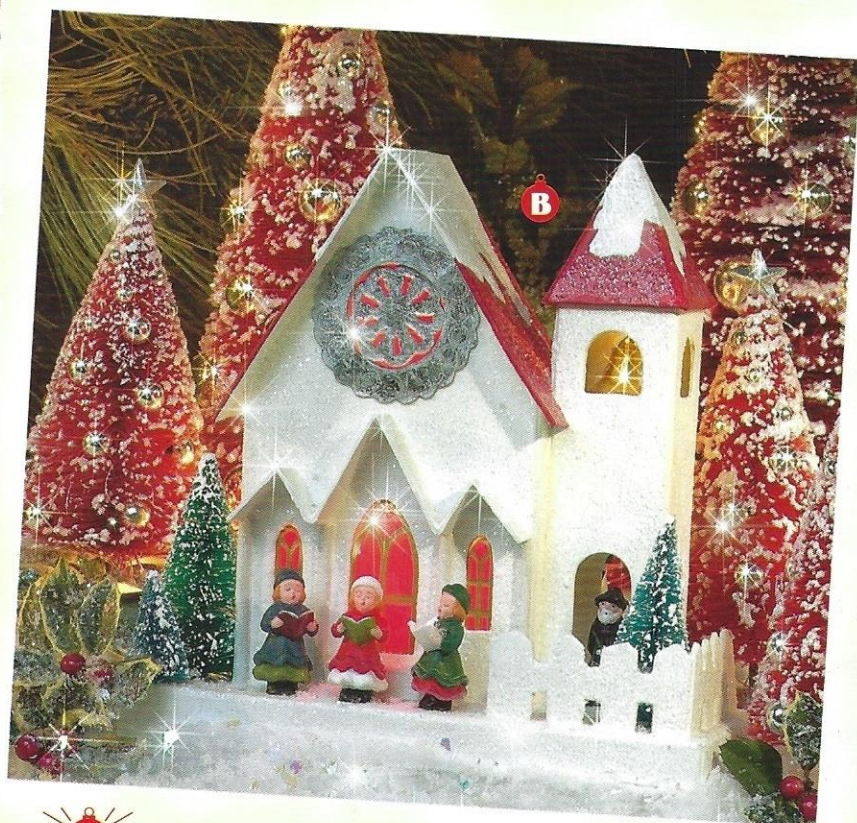

One of Grandma's favorite holiday memories was "The Bells of St. Mary's." At the heart of every miniature Christmas snow village of yesteryear was a serene, white-spired church. Whispering Pines is your grand and glorious focal point. Handmade of enduring composite board and lovingly detailed with a large rose window and a gleaming golden bell in the tower. In front, three prettily dressed Christmas carolers. It also makes a lovely display on its own, gracing a mantel or side-board at a full 7" h. Features a cut-out back for placing special soft glowing SparkleTown lights inside. Add the magical, ivory sisal gem trees decorated with shiny gold glass balls and you're sure to set SparkleTown a-shimmer.

Come stroll down memory lane and into SparkleTown™, U.S.A. Like a scene from "It's A Wonderful Life," a yuletide village like this was lovingly arranged in homes across the country throughout the 1940's and 1950's. Now you can begin the Christmas tradition anew! It takes seven days to create each of our exquisite, long-lasting composite board homes. The are completely hand-cut and assembled, plaster-coated, painted in cheerful colors and dusted with just enough sparkle to set the season a-twinkle! See the jewel-toned transparent windows illuminated with our special SparkleTown™ lights! (Sold separately.) Place them on a table, mantel, or under your tree to accent your model railroad village. These are certain to inspire your own model railroad village.
