Christopher Radko®

Dear Friends,

Welcome to my *20th Anniversary Collection* of holiday home décor! Has it really been two decades already? I can't believe it. So many said it couldn't be done and yet I'm happily here. I am honored to be a part of the holiday traditions of countless families and homes for 20 years now...my how the line has grown from my first collection of 65 ornaments in 1986.

In celebration of my 20th year, I have created a magnificent collection of holiday treasures. As always, I put exquisite workmanship and handcrafted details into each and every one of these creations.

To mark this milestone, I present over 500 new glass ornament designs for every holiday. In addition to decorating your tree, there are my home décor collections: *Home for the Holidays*, Shiny-Brite™, sparkling Christopher Radko holiday jewelry and a preview collection of hand-painted Polish tabletop stoneware. My jeweled ornament collection and sweet candy confections round out my holiday offerings. Shiny-Brite continues to be my showcase for vintage, 1940's Americana decorations, featuring over a dozen new boxed sets of sparkling ornaments, electric lights and retro ceramics.

Highlighting the core glass collection is a retrospective selection of my favorite designs from the first 20 years; *this collection is only being produced this year!* Twelve unique glass nutcracker ornaments are this year's showcased continuity program. A complimentary musical tree is redeemable from your retailer with the purchase of any twelve styles from the Nutcracker collection.

To commemorate my *20th Anniversary*, look for the new sparkling silver colored crown and medallions that adorn each ornament in this year's collection.

I am thrilled to share this collection with you. I thank you for continuing to help me bring joy to so many families through my work; I couldn't have done it without you.

Here's to the next 20 years!

Christopher Radko

Presenting
THE 2005 COLLECTION
Christopher's Favorite Designs

1986

Christopher Radko®

Looking back over my first two decades, I found some all-time favorite ornaments from each year. Each one was a design or pattern that I enjoyed creating and presenting to my customers. They represent a variety of inspirations and some actually harken back to more simple ornaments I had as a child.

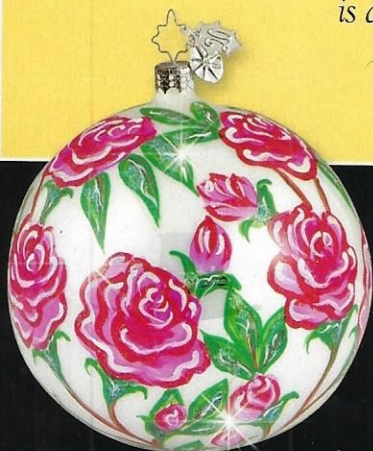

As part of this 20th Anniversary Celebration, you can now see my personal selection of Christopher's favorites. They are not actual replicas, however. I have revisited each style to update it and in some cases made it even more over the top than the original.

I hope you enjoy this milestone collection as much as I've enjoyed creating them.

More than just ornaments,
 a Christopher Radko ornament
 is a work of heart!
